United Way of  
Fairfield County

## ▶ What is United Way?

United Way of Fairfield County is a nonprofit that partners with other local nonprofits, businesses, donors, social service agencies to address our community's most pressing needs. United Way provides direct services as well as oversees funding for other community initiatives.

## ▶ Why is there a United Way?

For more than 69 years, United Way has been the community solutions provider. Donors have the confidence that their human service dollars go the furthest to do the most good, supporting many programs through one effort. Local volunteers use their knowledge of community problems to distribute funds where the needs are greatest. To make the best use of donor dollars, United Way holds agencies accountable for the programs they run, only funding programs with good results.

## ▶ What is Community Impact?

At United Way of Fairfield County, Community Impact is more than just a department—it's why we're here. Community Impact directs resources to programs that meet the needs of individuals and families. Everyone deserves opportunities to have a good life: a quality EDUCATION that leads to a stable job, enough INCOME to support a family through retirement, and good HEALTH. Community Impact is a cost-effective way to invest in a broad range of services with a single contribution. Ultimately, Community Impact represents community results. United Way annually evaluates Community Impact funded programs to gauge and improve their effectiveness.

## ▶ Why let United Way invest my donation?

By allowing United Way to invest your donation, you are ensuring that your gifts, combined with those of others, are going to address the most critical needs in the community. Only unrestricted gifts are available to put in United Way's competitive grants. Through that process, local volunteers and experts who are knowledgeable about community problems determine the way to address priority needs, investing in proven programs with measurable results.

## ▶ How much should I give?

Only you can decide how much you can give. No donation is too small. United Way offers several giving and recognition opportunities. Many people elect to give 1% of their annual salary. Payroll deduction makes giving easier.

## ▶ How much of the money raised through United Way goes to provide services?

The percentage of total revenues generated by the organization that is being returned to the community through competitive grants, initiatives and donor directed funding is 84%.

## ▶ I don't use any of the agencies' programs, so why should I give through United Way?

When we reach out a hand to one, we influence the condition of all. While you may not have school-age children, we all win when a child succeeds in school, when at-risk families become self-sufficient and when all our neighbors have good health.

## ▶ Why a minimum of \$50 for each agency?

Designations cost more money to process than contributions directly to the Community Impact Fund. Staff must take the time to verify that the organization meets non-profit, legal and 'Patriot Act' requirements. This must be performed each time the designation is paid. This \$50 minimum helps us avoid spending your donation on processing costs.

## ▶ How do agencies receive their designations?

Designations to agencies are provided separately from any Community Impact awards distributed through agency programs. Designations are sent throughout the year after the campaign is closed and designation reports are completed.

## ▶ Doesn't the government take care of these health and human service problems?

Human service delivery is a shared responsibility of both the public and nonprofit sectors. An excellent example of this partnership was the new Volunteer Income Tax Assistance project, which engaged United Way volunteers helping low-income, working families prepare income taxes for free and also apply for tax credits for which they were eligible but may not have been aware. Recent public sector budget cuts and increasing costs for fuel and food are resulting in even more people needing assistance. As a result, your gift through United Way is increasingly important because it stays in the community to address local needs.
